[M.S.A. 5.3010(3)]**

Sec. 3. (1) When the governing body of a municipality determines that it is necessary for the best interests of the public to halt property value deterioration and increase property tax valuation where possible in its business district, to eliminate the causes of that deterioration, and to promote economic growth, the governing body may, by resolution, declare its intention to create and provide for the operation of an authority.

(2) In the resolution of intent, the governing body shall set a date for the holding of a public hearing on the adoption of a proposed ordinance creating the authority and designating the boundaries of the downtown district. Notice of the public hearing shall be published twice in a newspaper of general circulation in the municipality, not less than 20 or more than 40 days before the date of the hearing. Not less than 20 days before the hearing, the governing body proposing to create the authority shall also mail notice of the hearing to the property taxpayers of record in the proposed district and for a public hearing to be held after February 15, 1994 to the governing body of each taxing jurisdiction levying taxes that would be subject to capture if the authority is established and a tax increment financing plan is approved. Failure of a property taxpayer to receive the notice shall not invalidate these proceedings. Notice of the hearing shall be posted in at least 20 conspicuous and public places in the proposed downtown district not less than 20 days before the hearing. The notice shall state the date, time, and place of the hearing, and shall describe the boundaries of the proposed downtown district. The governing body of the municipality shall not incorporate land into the downtown district not included in the description contained in the notice of public hearing, but it may eliminate described lands from the downtown district in the final determination of the boundaries.

(3) Not more than 60 days after a public hearing held after February 15, 1994, the governing body of a taxing jurisdiction levying ad valorem property taxes that would otherwise be subject to capture may exempt its taxes from capture by adopting a resolution to that effect and filing a copy with the clerk of the municipality proposing to create the authority. The resolution takes effect when filed with that clerk and remains effective until a copy of a resolution rescinding that resolution is filed with that clerk.

(4) Not less than 60 days after the public hearing, if the governing body of the municipality intends to proceed with the establishment of the authority, it shall adopt, by majority vote of its members, an

ordinance establishing the authority and designating the boundaries of the downtown district within which the authority shall exercise its powers. The adoption of the ordinance is subject to any applicable statutory or charter provisions in respect to the approval or disapproval by the chief executive or other officer of the municipality and the adoption of an ordinance over his veto. This ordinance shall be filed with the secretary of state promptly after its adoption and shall be published at least once in a newspaper of general circulation in the municipality.

(5) The governing body of the municipality may alter or amend the boundaries of the downtown district to include or exclude lands from the downtown district pursuant to the same requirements for adopting the ordinance creating the authority.

**125.1664 Tax increment financing plan; preparation and contents; limitation; definition; public hearing; fiscal and economic implications; recommendations; agreements; modification of plan. [M.S.A. 5.3010(14)]**

Sec. 14. (1) When the authority determines that it is necessary for the achievement of the purposes of this act, the authority shall prepare and submit a tax increment financing plan to the governing body of the municipality. The plan shall include a development plan as provided in section 17, a detailed explanation of the tax increment procedure, the maximum amount of bonded indebtedness to be incurred, and the duration of the program, and shall be in compliance with section 15. The plan shall contain a statement of the estimated impact of tax increment financing on the assessed values of all taxing jurisdictions in which the development area is located. The plan may provide for the use of part or all of the captured assessed value, but the portion intended to be used by the authority shall be clearly stated in the tax increment financing plan. The authority or municipality may exclude from captured assessed value growth in property value resulting solely from inflation. The plan shall set forth the method for excluding growth in property value resulting solely from inflation.

(2) The percentage of taxes levied for school operating purposes that is captured and used by the tax increment financing plan shall not be greater than the plan's percentage capture and use of taxes levied by a municipality or county for operating purposes. For purposes of the previous sentence, taxes levied by a county for operating purposes include only millage allocated for county or charter county purposes under the property tax limitation act, Act No. 62 of the Public Acts of 1933, being sections 211.201 to 211.217a of the Michigan Compiled Laws. For purposes of this subsection, tax increment revenues used to pay bonds issued by a municipality under section 16(1) shall be considered to be used by the tax increment financing plan rather than shared with the municipality. The limitation of this subsection does not apply to the portion of the captured assessed value shared pursuant to an agreement entered into before 1989 with a county or with a city in which an enterprise zone is approved under section 13 of the enterprise zone act, Act No. 224 of the Public Acts of 1985, being section 125.2113 of the Michigan Compiled Laws.

(3) Approval of the tax increment financing plan shall be pursuant to the notice, hearing, and disclosure provisions of section 18. If the development plan is part of the tax increment financing plan, only 1 hearing and approval procedure is required for the 2 plans together.

(4) Before the public hearing on the tax increment financing plan, the governing body shall provide a reasonable opportunity to the taxing jurisdictions levying taxes subject to capture to meet with the governing body. The authority shall fully inform the taxing jurisdictions of the fiscal and economic implications of the proposed development area. The taxing jurisdictions may present their recommendations at the public hearing on the tax increment financing plan. The authority may enter into agreements with the taxing jurisdictions and the governing body of the municipality in which the development area is located to share a portion of the captured assessed value of the district.

(5) A tax increment financing plan may be modified if the modification is approved by the governing body upon notice and after public hearings and agreements as are required for approval of the original plan.

**125.1666 General obligation bonds and tax increment bonds; qualified refunding obligation. [M.S.A. 5.3010(16)]**

Sec. 16. (1) The municipality may by resolution of its governing body authorize, issue, and sell general obligation bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan or to refund bonds issued under this section and shall pledge its full faith and credit for the payment of the bonds. The municipality may pledge as additional security for the bonds any money received by the authority or the municipality pursuant to section 11. The bonds shall mature in not more than 30 years and shall be subject to the municipal finance act, Act No. 202 of the Public Acts of 1943, being sections 131.1 to 139.3 of the Michigan Compiled Laws. Before the municipality may authorize the borrowing, the authority shall submit an estimate of the anticipated tax increment revenues and other revenue available under section 11 to be available for payment of principal and interest on the bonds, to the governing body of the municipality. This estimate shall be approved by the governing body of the municipality by resolution adopted by majority vote of the members of the governing body in the resolution authorizing the bonds. If the bonds are approved by the department of treasury in those instances in which an exception to prior approval is not available under section 11 of chapter III of Act No. 202 of the Public Acts of 1943, being section 133.11 of the Michigan

Compiled Laws, or if the governing body of the municipality adopts the resolution authorizing the bonds and prior approval of the department of treasury is not required pursuant to section 11 of chapter III of Act No. 202 of the Public Acts of 1943, the estimate of the anticipated tax increment revenues and other revenue available under section 11 to be available for payment of principal and interest on the bonds shall be conclusive for purposes of this section. The bonds issued under this subsection shall be considered a single series for the purposes of Act No. 202 of the Public Acts of 1943.

(2) By resolution of its governing body, the authority may authorize, issue, and sell tax increment bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan or to refund or refund in advance obligations issued under this act. The tax increment bonds issued by the authority under this subsection shall pledge solely the tax increment revenues of a development area in which the project is located or a development area from which tax increment revenues may be used for this project, or both. In addition or in the alternative, the bonds issued by the authority pursuant to this subsection may be secured by any other revenues identified in section 11 as sources of financing for activities of the authority that the authority shall specifically pledge in the resolution. However, the full faith and credit of the municipality shall not be pledged to secure bonds issued pursuant to this subsection. The bonds shall mature in not more than 30 years and shall bear interest and be payable upon the terms and conditions determined by the authority in the resolution approving the bonds and shall be sold at public or private sale by the authority. The bond issue may include a sum sufficient to pay interest on the tax increment bonds until full development of tax increment revenues from the project and also a sum to provide a reasonable reserve for payment of principal and interest on the bonds. The resolution authorizing the bonds shall create a lien on the tax increment revenues and other revenues pledged by the resolution that shall be a statutory lien and shall be a first lien subject only to liens previously created. The resolution may provide the terms upon which additional bonds may be issued of equal standing and parity of lien as to the tax increment revenues and other revenues pledged under the resolution. Except for the requirement of Act No. 202 of the Public Acts of 1943 that the authority receive the approval or an exception from approval from the department of treasury prior to the issuance of bonds under this subsection, the terms of Act No. 202 of the Public Acts of 1943 shall not apply to bonds issued pursuant to this subsection that pledge revenue received pursuant to section 11 for repayment of the bonds.

(3) Notwithstanding any other provision of this act, if the state treasurer determines that an authority or municipality can issue a qualified refunding obligation and the authority or municipality does not make a good faith effort to issue the qualified refunding obligation as determined by the state treasurer, the state treasurer may reduce the amount claimed by the authority or municipality under section 13b by an amount equal to the net present value saving that would have been realized had the authority or municipality refunded the obligation or the state treasurer may require a reduction in the capture of tax increment revenues from taxes levied by a local or intermediate school district or this state by an amount equal to the net present value savings that would have been realized had the authority or municipality refunded the obligation. This subsection does not authorize the state treasurer to require the authority or municipality to pledge security greater than the security pledged for the obligation being refunded.
