Mr. Brown added that he is in full support of continuing this partnership and that Mr. Agostinelli has done a great job. Mr. Agostinelli noted that the contract is hourly fee for service, thus the size of the contract is a function of the active deal flow.

Development, authorize the board vice-chair to sign, and authorize payment to Catalyst Development Co 3, LLC.

Ms. McCarthy noted that there have been ongoing conversations with community partners about how to make the developer whole, in light of the transition from the Downtown Development Authority to the Downtown Economic Growth Authority.

Mr. Brown expressed that even though this is not directly the board’s problem to solve, it is the right thing to do to make the developer whole, particularly because the developer did a lot of good for the general public space.

Mr. Agostinelli noted that if the board does not take action on this item, the board will have to stop capturing TIF on the property and thus there would be no functional way to satisfy this request. Essentially, this is a short-term reallocation of money from the revolving fund to the general fund to satisfy the request, which will ultimately be recuperated through the continuation of TIF capture.

Mr. Phillips moved to recommend the approval of the Release of All Claims agreement between Catalyst Development Co 3, LLC, the Kalamazoo Downtown Development Authority, and the City of Kalamazoo Brownfield Redevelopment Authority for reimbursement of eligible activities at the South Street and Rose Street Development; supported by Mr. Brown. Motion was approved unanimously by roll call vote.

OLD BUSINESS

1. Consideration of a request by Metropolitan Center, LLC for reimbursement of eligible expenses in the amount of $200,000 it incurred for the project at 103-105 E. Michigan Avenue (known as the Metropolitan Center).

Steve Sielatycki, Legal Counsel for Metropolitan Center, LLC, provided historical record on the 10-year process of the Metropolitan Center development. Mr. Sielatycki provided an overview whether sub-contracting documentation was required for reviewal to the Brownfield Redevelopment Authority Board to capture TIF on eligible activities. Metropolitan Center, LLC sought a resolution that would provide the developer an opportunity to capture some of the incurred costs, with a less stringent stipulation on sub-contracting documentation.

Mr. Bolton inquired whether the TIF agreements asked for subcontractor documentation and Mr. Sielatycki noted that by exclusion he believed it was not required. Mr. Kneas recommended entering private session to consider attorney-client privilege material and take no action in closed session.

Mr. Brown moved to enter closed session to discuss attorney-client privilege material; supported by Mr. Novotny. Motion to enter closed session was approved unanimously by roll call vote.

The Board opened the closed session at 8:37 AM.
The Board closed the closed session at 8:57 AM.

Mr. Schlueter moved to recommend the approval of the request by Metropolitan Center, LLC for reimbursement of eligible expenses; supported by Mr. Schleuter.

Mr. Brown noted that he has no doubt that there were eligible activity expenses and that the board is happy to have the property developed but expressed his frustration, on behalf of the board, with the way this project was managed. Mr. Phillips echoed Mr. Brown’s frustration, adding that the timeliness of this process was excessive, and it is the board’s hope that if this developer ever comes back to the board, the developer will proceed through the process differently.

The motion to recommend the approval of the request by Metropolitan Center, LLC for reimbursement of $200,000 for eligible expenses was approved unanimously by roll call vote.
