On motion of Mr. Race, resolution submitted by Mr. Cobble.

Adjourned to Monday evening, May 9th, 1856.

Att'y: Adam Underrwood

Village Clerk

Henry G. Brown, Post
At an adjourned Meeting of the Board of Trustees of the Village of Haldimand held at the Manor House in said Village on Monday the 3d of December,...

Present: James Gilbert, Benjamin P. Willey, John C. Peck, Henry P. Stone, Thomas R. Hale, '<br>

The Minutes of the former Meeting were read, corrected and approved by the President and Clerk.

An account of Mr. Haldimand's share of the expenses of 1860 against which District No. 1, certified to be correct, by the Superintendent of Roads was presented, and on Motion Mr. Hale, Mr. Hale, Mr. Gilbert and Mr. Stone drew an order upon the school fund for the same.

Mr. Peck, from committee on claims, reported in favor of granting the sum of $20 to Mr. Edwards, Thursday, October 29th, in favor of granting the sum of twenty dollars, as your Committee after some investigation is satisfied that he rendered assistance at police entitling him to this amount.

Mr. Peck, from committee on claims, reported in favor of allowing the account of J. Hall, for Jan mean, at $7.74 and also the account of Mr. Keen for repairing block at 3.00 and that the Clerk be instructed to charge the same account to the Clerk Company.

Mr. Peck, from committee on finance, to whom was referred the Report of the Water Commissioners for the year ending April 15th, has the report that they have examined the Company's lands report with the report of auditors and report same correct, same report exhibits the following information:

Amount paid into Treasurer $536.49
Balance on Hand $5733.49
Which leaves a balance in hands of Treasurer 1107.11.

And there also appears a balance of $326.00 belonging to the school fund making a total of 4627.11 and therefore in the Treasurer's hands, your Committee would respectfully suggest the propriety of instructing the Treasurer to inquire of interested parties, parties who could give some security that the amount should be paid at call, all of which is respectfully submitted,

Report accepted and Clerk asked to serve a notice.

Mr. Ovington from Committee on Finance to whom was referred the Resolution passed by last meeting of the Board, instructing them to report the probable amount of money necessary to be raised for the ensuing year by leave to report as follows:

<table>

The Amount your Committee think might fairly be deducted from the expenses of last year, which would leave the amount of $86.82, as the probable amount necessary for ordinary expenses, add to this 450.00 which sum has to be provided for to meet payment due on Clock accr. and we hence also add the sum of 164.00 making the amount necessary to be provided for about 1870.00 for general or Contingent expenses, taking last year as a basis. These may be placed into the Brevard hands for service 45. Some 500 Dollars which we think would be sufficient to meet the necessary expenses of the fire department, so that it would be unnecessary to have to increase the amount already recommended. This we think should be gratifying to Tax payers, as it exhibits a decrease of expenses of 1468.75. Report accepted.

On Motion of Mr. D. Riep, 1500 Dollars be stricken out and 1800 Dollars inserted and as amended Report adopted.
Mr. Stage from Committee on Streets, reported the estimate necessary for repairs of streets and sidewalks to be two thousand dollars, Report adopted.

Report Adopted.

On Motion Mr. Clerk instructed to draw an Order for £523, in favour of J. Matthews, to apply on Bridge Contract, and order to be drawn payable Sept. 13, 1839.

Mr. Birkby from Committee on Finance submitted the following Report:

The Committee having examined the Petition of J. W. Minnigerode, his complaint being founded upon facts as found upon the records, we find the Record 1839-1840, that the Records show a Petition was filed, but no copy is not to be found, an order made, but no notice published, no further proceedings being shown upon the Record.

We cannot find any reference to the Petition in the Records, containing notice, of the Petition. The Petitioner has a right of appeal out of the Board, relative to the lot in question of that date. We therefore have no way of knowing a legal action of the Board in this matter. Under this state of facts, your Committee would recommend that the Assessor which has been paid by Mr. J. W. Minnigerode on lots 1161 & 1164, be refunded thereon, with interest at 8 per cent. of the sums paid, on reference to the other lots refused, his petition repeated. We would recommend no action at present until we see what course may be pursued by parties owning said lots. We would recommend that the petition & report should not be published but be kept away, in order that the facts may not be made public, as there are several other lots in which sale, have been made in the same situation.

Report accepted and adopted, the Clerk instructed to draw an order in favour of J. W. Minnigerode on lots 1161 & 1164, with interest at 8 per cent. of £523.

Motion of Mr. Thomas that the lot declaratory G. W. Harris for 150, as part of allowance to Harris as Marshal, his motion laid on the table.

Mr. Birkby from Committee on Finance submitted Report as follows—
On Motion Clerk instructed to draw an Order No. 423, in favour of J. Matthews, to apply on Bridge Contract, and order to be drawn payable Sept. 15, 1833.

The Petition from Committee on Finance submitted the following Report:

Your Committee, after examining the petition of J. Nutter, Jr., his complainant truly found upon Fento, as found upon the records – the find in reference to Lots No. 162 & 164, that the records show a Petition was filed, but no copy is now to be found

an order made – but no motion published – no

further proceeding being shown upon the

Record. Your Committee view the Petition

containing notice – if the Petition has no mention

of any action of the board, relative to the lots in

question of that date. We therefore have no

way of knowing a legal acting of the Board in this

matter. Under this state of facts, your

Committee would recommend that the

Complainant which has been paid by Mr. J

Nutter on Lots No. 162 & 164, be referred to

with the other as from the Office, in reference to

the other lots which his petition mentions.

We would recommend no action at present

until we see what course may be pursued by

other parties owning said lots. We would recommend

that the petition & report should not be published

but be filed away, in order that the facts may not

be made public, as there are several other lots

in which case have been made in the same

situation.

Report accepted & adopted, & the Clerk

instructed to draw an order in favour of

J. Nutter, Jr., amount due on Lots No. 162 & 164,

with 25% in advance at 7 per cent.

(Hand of bonds – $40 000)

Motion of Mr. Thomas that the vote declaring

J. Nutter, Jr., $50, as left in overseer’s account as

marshall’s motion carried on the table.

The Petition from Committee on Finance

submitted Report as follows:

Your Finance
Committee would Report upon the Claim of Marshall Brown referred to us. That as the Matter of Salay was fixed upon by the Board of Trustees for the year that the said Brown's services were rendered, that sum was $50.00, whereas the said Brown did make a claim for $100.00, for services to the next Board. The said within yst., to settle his Claim which amount he refused to accept. But brings his Claim now before the present Board - the your Committee as not consider his Claim a just one to accept. Upon us after the action of the two former Friends upon the said Claim - I feel that they act justly with him - we are better qualified to judge correctly upon what amount of Salay he deserves and what we ourselves - because therefore recommend the Allowance of his Claim Report comforted - ad-opns.
