On motion the following propositions
The Board of Trustees for the village of Kalamazoo hereby call the attention of the Citizens of this place to the near approach of the time when the new Liquor Law will take effect. And as it is important that all peaceable and orderly loving Citizens should obey and sustain desirable laws, we suggest that, for the purpose of suppressing the promiscuous traffic in intoxicating drinks which has resulted in much drunkenness and unruly conduct, Clamping more people than legislation than any other question has and daily exhibiting deplorable spectacle in our streets of debauched Citizens once respectable Merchants, influentialappers, idle mechanics or promiscuous youths—A large majority of the voters of this village, have declared for this law and claim that if fairly executed it will prove the best possible remedy for the evil.

Then we ask every man to unite in giving it a fair and candid trial.

And that the damage may accrue to those who have been legally engaged in the traffic in intoxicating liquors. We protest that for any article of spirits that they may now have on hand which may remain unsold on the first day of December next, they will pay them the Wholesale value of the same 24 hours hence as it can be purchased elsewhere as we have decided to execute this law.

On motion the following
Statement and resolutions were adopted and
ordered to be recorded and the Clerk directed
to forward the publication of the same in the
newspaper of this Village

The Board of Trustees of Kalamazoo Village in view of the responsibility which is cast
upon them by the act of the Legislature of the State
of Michigan approved February 12th 1853 prohibiting
the manufacture of spirituous and intoxicating liquor
and the traffic therein deemed of sufficient im-
portance to make it to their fellow Citizens a
statement which shall be declaratory not only
of their own views relating to the enforcement
of said law, but, likewise, of the action which has
been deemed proper for them to take in the premises.

Therefor Resolved

1st That the act in question is a law of
the land and while unenforced every good Citizen
will respect and yield obedience to it such
that the question of its constitutionality—a proper
legal question the Supreme Court of the State is
concerned to try. But circumstances did
justify the open disregard of this law by any
of our Citizens whose any unauthorized approbation of its unconstitutionality

2nd That the said acquiescence with
aid to dealers in the Contraband article generally
should be apprehended that law on the ground
of December last, by removing all liquors from their bars and discontinuing their sale was an act worthy of good Citizens and met the earnest appeal of this Board.

In that, in the opinion of this Board, lack of our Citizens at having recanted their recent allegiance to the law would but show more ordinary respect to public opinion by suspending the illicit traffic until the judgment of the proper tribunal. Now having the case in keeping, shall, as they claim it will, lead to that traffic its Judicial sanction.

4th The Board of Trustees exhort obedience to the law, asking of all Citizens, as of that night, the proper obedience of the same, and professing on their own part, in a spirit of conciliation, the same prudent wise line of action which has hitherto guided them as a Board, herein declaring that the future action of the Board of Trustees, with reference to the enforcement of the present liquor law, so called, will, unless otherwise controlled by legal duty, wait the action of the Supreme Court while they are famed will be strictly taken in the meantime.

The Committee on Fire & Water, to whom was referred the petition of Henry Hale, that the space under consideration should be purchased for a fire department for the village of Kalamazoo, beg leave to submit the same:
to submit the following report.

It appeared to your Committee that the petitioners, about thirty in number, have been duly organized by your Board as an Engine Company by the name and style of "Golden Rule," that said organization is in all respects conformable to the laws of the State of Michigan and to the charter of the Village of Calumet. That said Engine Company is composed of young active engines and efficient men residents of said Village that they are responsible and capable of correcting habit and supplying the demands that confront the Engine Company and the Board be referred to them — the care and direction of the Fire Engine.

It further appeared to your Committee that the present expense for the Corporation is not sufficient to afford the needed salary against the ravages of fire.

In view of the facts regarding the probable of the petitioners as acquainted with their past highly favorable to the Corporation, your Committee recommended that the prayer of the petitioners be granted, that an order be issued by the Board of the Corporation as prayed for, for the sum of one thousand dollars, upon the terms and conditions set forth in the petition.

Respectfully submitted.
