Chapter 16, Section 22 of the City of Kalamazoo Code of Ordinance states:
Historical preservation is a public purpose. To serve that purpose, the Historic District Commission is hereby charged with the following responsibilities:

a) The Kalamazoo Historic District Commission is empowered to regulate Work on the exterior of historic resources and non-historic resources in historic districts in the City of Kalamazoo and shall otherwise have all powers invested in Historic District Commissions pursuant to the Local Historic Districts Act, MCLA § 399.201 et seq. 1970 PA 169, as Amended 1992.

b) To regulate Work on resources which, by City ordinance, are historic or non-historic resources located within local historic districts, including but not limited to the moving of any structure into or out of, or the building of any structure in, an historic district.

The following documents are available in the Community Development Department located at 415 East Stockbridge. These documents will help assist property owners in understanding the responsibilities of owning property in a local historic district, MCLA § 399.201 et seq. 1970 PA 169 as Amended 1992 (Michigan Local Historic District Act); Code of Ordinances City of Kalamazoo, Michigan (Chapter 16 - Historic District); Secretary of the Interiors Standards for Rehabilitation & Guidelines for Rehabilitating Historic Buildings, 1990; Standards and Guidelines for Kalamazoo Historic Districts, and maps of Kalamazoo Local Historic Districts. These documents and maps are also available on the city of Kalamazoo website at http://www.kalamazoocity.org/local-historic-districts

XI. Other Business

XII. Adjournment Question and comments regarding this agenda or the Kalamazoo Historic District Commission should be directed to the Historic Preservation Coordinator at 337-8804.

A note on quorum and Historic District Commission decisions:

City of Kalamazoo Code of Ordinance – Chapter 16 – Historic District Commission – section 19 states:

“A majority of the members of the Commission shall constitute a quorum. A majority of the appointed members is required to take action on all matters not of an administrative nature, but a majority of a quorum may deal with administrative matters.” All applicants should be aware that the minimum of four of the commissioners must vote for a motion for a decision to be made in all actions. Applicants may choose to postpone their review to the next regularly scheduled meeting of the commission before the commission begins their deliberations if fewer than seven commissioners are present. The postponement form is available from the coordinator and must be filled out and signed before the applicant leaves the meeting.

GUIDELINES FOR PUBLIC PARTICIPATION AT HISTORIC DISTRICT COMMISSION MEETINGS

The Historic District Commission recognizes that citizens who make the effort to attend a Commission meeting often feel passionately about an issue. The following guidelines are not meant to discourage individual expression; rather, they exist to facilitate the orderly conduct of business and to ensure that all citizens who wish to address the Historic District Commission are able to do so in an atmosphere of civility and respect.

- Out of respect for business being conducted during the meeting, turn off all cell phones and pagers prior before the meeting.
- Citizens have opportunities to address the Historic District Commission at the following times during a meeting:
  - Address Non-agenda items at the beginning of the meeting. If you wish to speak about a specific review, please wait until that review comes to the commission.
  - Consideration of Regular Agenda items. Citizens are permitted to speak to the Commission on project reviews after the applicant has made their presentation and prior to the Historic District Commission discussion. The Chair will call for comments from the public.

Report on the OLD HOUSE OWNERS WORKSHOPS (OHOW)
Sponsored by the Historic Preservation Commission, the O’Connor Fund for Historic Preservation in the City of Kalamazoo and the Old House Network. Classes were held at the Sexton’s Lodge on West Main in the Mountain Home Cemetery.

- July 20 – Building Assessment & General Maintenance (MHPN) – 20 people took part in this program taught by John Leegwater of Midtown Craftsmen in Grand Rapids.
- July 27 – Windows (local) – Marc Ferraro – The class was overfull with 13 attendees – Everyone learned putty removal with the heat guns, Speedheater and Speedheater Cobra. The windows were all reglazed.
- August 3 – Masonry (local) – Blair Bates of Building Restoration Inc – 11 students. Blair started with a presentation on how mortar works and how old masonry is put together. Then, after mixing a batch of mortar, students got a chance to repoint brick and stone in the basement of the lodge.

Dear: KIM, DIANE
S/JULIA/ANDREW/SUSIE

Work done on the exterior of buildings located within the boundaries of the local historic district must be reviewed and approved before work begins. It has been reported to the Community Development Inspection Services Division of the City of Kalamazoo and the Historic Preservation Coordinator that unpermitted and/or unapproved work has been done on the property at 827 S WESTNEDGE AVE including but not limited to:

1) Installation of a large internally illuminated sign at the northwest corner of the building without Historic District Commission review. See next page for recommendation

Kalamazoo Historic District Commission Standards and Guidelines for Rehabilitation require that an Application for Project Review should be submitted to the coordinator before work begins. (80% of the applications are approved administratively by the coordinator in less than one business day)

PROPOSED REMEDY
1) An Application for Project Review is enclosed and must be submitted within Thirty (30) days of this notice. Once the retroactive application has been received, reviewed and approved, work must be completed within 30 days or a plan of work must be agreed with the coordinator. Failure to submit the application is a code violation and an enforcement letter will be issued which generates an automatic charge of $74.00. This project may be referred to the Historic District Commission for review at their regular meeting on the third Tuesday of each month.

PROPOSED WORK TO REMEDY VIOLATION:
RECOMMEND – Apply for retroactive approval of the sign as installed. An Application for Project Review is included with this letter.

2) Once the proposed work is approved the work must be complete within 60 days of the approval date. Work performed on the exterior of any structure located within the boundaries of the historic districts is subject to review and approval of the Kalamazoo Historic District Commission as specified in Chapter 16 of the City of Kalamazoo Code of Ordinances. An application for Project Review is to be completed and submitted to the Historic Preservation Coordinators Office in advance of the commencement of work or purchase of materials. Once the application has been reviewed by the coordinator or the full commission at its regularly scheduled monthly meeting, a Certificate of Appropriateness will be issued if the proposed work meets the Historic District Standards and Guidelines. At this point, a building permit application may be made, if necessary. Please call me at 337-8804 if you have any further questions or for assistance in completing the application.

[ X ] Historic District Commission review at a regularly scheduled monthly meeting will be required for this project which generates a $85 hearing fee.
[ ] A separate building permit is required – there will be an additional administrative review fee of $34 in addition to the building permit fee. Work should not begin until the building permit is issued and the fees are paid.

A copy of this letter has also been sent to the tax payer of record and the agent of record if applicable.

IMPORTANT: Historic District Commission approval does NOT constitute a blanket approval to begin work. It is the owner’s responsibility to obtain all necessary Building Permits, site plan review or Housing (rental inspections) approval for the proposed work. It is HIGHLY RECOMMENDED that the owner or applicant call 337-8026 to inquire about building permits, or, if this is a rental property, contact your inspector.

I look forward to hearing from you soon.

Sincerely,

cc: property file

CASE # IHV 19-0012 (EN 19-2395)  
Year built: 1984  
Owned since 03-01-1990  
Meeting date: August 20, 2019

Previous reviews (HDC = commission meeting; Admin = administrative approval):
1. 2016 – New building (HDC)
2. 2017 – New building (HDC)

Historic District  South Street – Vine Area  
Zoning  CN-1 Commercial, (Local) Neighborhood  
Additional Permits required – sign permit already issued  
Rental History: NA

Proposed Work (Retroactive):
1. Install new free-standing sign – 54 square feet for up to four businesses, internally illuminated box (72" x 108"), 15' tall

Observations:
- This non-contributing building was completed in 1984, six years before the historic district was established. Other than the new building on the same site completed late in 2018, this is the youngest commercial building in the South Street – Vine Area historic district.
- This sign would be inappropriate on an historic building site.
- On this site the adjacent historic buildings to the south are hidden by the laundromat which predates the historic district.
- The rear of the sign, which faces the historic buildings is not illuminated.

Applicable Criteria  
The Secretary of the Interior’s Standards for Rehabilitation

#9  New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

#10  New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

The new sign has no effect on historic resources. The new sign is compatible with the existing non-contributing building in massing, size and scale. If the sign is removed the historic resources would be unimpaired.

(Chapter 16) (d) When reviewing plans, the Historic District Commission shall consider: 1) The Secretary of Interior’s “Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings”; (2) Local design guidelines; (3) The historical or architectural value and significance of the structure resource and its relationship to the historical value of the surrounding area; (4) The relationship of the exterior architectural features of such structure resource to the rest of the structure resource and to the surrounding area; and (5) The general compatibility of exterior design, arrangement, texture and materials proposed to be used; (6) Any other factor, including aesthetic, which it deems to be pertinent.
The Kalamazoo Historic District Commission Standards and Guidelines specify (page 44):
Not permitted in the historic district are:

- Plastic, fiberglass, and internally lit signs.
- Portable or roof signs, signs attached to natural growth.
- Signs which are not expressly permitted by this policy or which violate the provisions thereof.
- Engraved signs.
- Revolving or moving signs.
- Scrolling, message trailing or ticker tape type signs.

COMMISSION ACTIONS (Options):
1. The commission approves a retroactive Certificate of Appropriateness for the sign as installed.
   Approval of any final details to be delegated to the historic preservation coordinator. Any additional signage beyond adding the names of tenant businesses to the existing sign will require HDC review.
2. The commission could postpone with the applicant’s consent, to ask for more details or to prepare a revised plan. The revised plan should include the following changes:
   a. ________________________________
   b. ________________________________
   If the applicant does not consent to a postponement, the commission must make a decision at this meeting to comply with the 60-day rule.
3. The commission could deny, based on Secretary of the Interior Standards #9 & #10.

Secretary of the Interior’s Standards for Rehabilitation
The Secretary of the Interior’s Standards for Rehabilitation are ten basic principles created to help preserve the distinctive character of a historic building and its site, while allowing for reasonable change to meet new needs. The Standards are applied to projects in a reasonable manner, taking into consideration economic and technical feasibility.

#9 New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

#10 New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

2009 – Fence in front yard (Admin) (COA expired – work not done)

Historic District South Street – Vine Area
Zoning RS-5
Additional Permits required – building
Rental History: NA

Proposed Work:
1. Second floor addition over existing rear addition with small balcony – the design removes the existing rear facing dormer.
2. Eliminate two windows facing west on the first floor of the non-historic addition
3. Install weatherboard siding over the board and batten siding on the non-historic addition.
4. A double (sliding or French?) door leading from the new bedroom to the new balcony.

Observations:

Applicable Criteria
(1) Secretary of the Interior Standards for Rehabilitation - #9 and #10 (see next page)

#9 New additions, exterior alterations, or related new construction shall not destroy historic materials that characterize the property. The new work shall be differentiated from the old and shall be compatible with the massing, size, scale, and architectural features to protect the historic integrity of the property and its environment.

The proposed addition removes the existing rear-facing second floor dormer. The addition is compatible in massing, size, scale and architectural features to the architectural character of the bungalow.

#10 New additions and adjacent or related new construction shall be undertaken in such a manner that if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.
Kalamazoo Historic District Commission Standards and Guidelines for Additions – page 48

Size of Resource
- Height should generally be lower than the primary building.
- The addition should generally be narrower than the primary structure.

Relationship to Street
- The addition should be located behind the rear wall of the building or the side building line on a corner lot (see sketch on reverse).

Roof Forms
- Shall be consistent with the pitch of the roof of the primary resource as closely as possible or be appropriate to the style. For example a front gable house could have a shed roofed or hipped addition if the roof pitch was correct.

Proportion of Openings
- Both the size of new openings and their position and frequency on the building addition should relate to the primary structure.
- Ratio of window area to solid wall for the facade as a whole.

Materials
- While materials should be selected to complement the primary structure, including the use of identical materials, the use of alternate materials may be considered, especially when the addition is removed from the public right of way.

COMMISSION ACTIONS (Motions):
1. Approve the second-floor addition and modification of the first-floor non-historic addition as presented. The plan substantially complies with Secretary of the Interior Standards #9 and #10. The commission approves a Certificate of Appropriateness for this project. Approval of any additional final details to be delegated to the historic preservation coordinator.
2. The commission could deny, based on Secretary of the Interior Standards #9 & #10.

a) 417 W. Dutton 5:15pm Owner: Eric, Tobi, Kristi Breisach
Applicant: owners
Style: Italianate
Built: 1876
Zone: RM-36
Owned since: closing 6/21/2019

1. Restore original eaves
2. Remove upper portion of chimney at rear above roof line.
3. Remove cedar shingle siding (ca 1910) to reveal original clapboards
4. Reconstruct front porch with period appropriate rails and columns to match pilasters – hoping for details on rails when siding is removed
5. Install two size appropriate double hung windows on rear/south wall of the house similar to those on the east and west side of the addition. Exact location will be proposed after the cedar shingles have been removed and damage issues have been addressed.

(PPZ 19-0010) New Application) Public Comment then Commission Deliberation

Kristi and Eric Breisach were present to represent the project. According to Mr. Breisach, the project is not financially responsible. Mr. Breisach explained that his daughter, Kristi, is looking for investment properties. After an inspector did a walkthrough of the home, 30 major deficiencies were identified. The representatives then began detailing some of the work they planned on doing, which included: repairing rafters, restoring the full depth of the eaves, taking off the shingle siding and exposing the original clapboard, rebuilding the porch and preserving the porch details. In the back, double hung windows are proposed on the south façade of the second floor. The house will need to be almost completely redone, everything will be taken to the studs and replaced, save the electricity.

Mr. Breisach explained that he has spoken with the Kalamazoo Department of Public Safety concerning some of the teardown in the house. Kastner asked who would be doing the shingle remediation. Eric stated that his family would be doing this work.

**Public Comment:** Dan Barnes, Texas Township Resident, Barnes asked what the chimney on the house is used for. Breisach explained that the chimney is for the water heater and furnace, explaining that there is no fireplace.

**Commissioner Comment:** None

Mr. Shell, with the support of Mr. Kastner, motioned to approve the project. With a unanimous vote, the motion was adopted.
