

PERMIT APPLICATION for Part 91 SOIL EROSION AND SEDIMENTATION CONTROL (SESC Permit)

APPLICANT RESPONSIBILITIES

All construction or work for which a permit is required shall be subject to inspection by the City and all such construction or work shall remain accessible and exposed for inspection purposes until approved by the City.

- It shall be the duty of the permit applicant to cause the work to remain accessible and exposed for inspection purposes.
- It shall be the duty of the person doing the work authorized by permit to notify the Building Official that such work is ready for inspection.
- Every request for inspection must be scheduled at least one (1) working day before such inspection is desired.
- It shall be the duty of the person requesting any inspections required by this code to provide access to and means for inspection of such work.
- Final Inspection: To be made after all finished work is completed.
- Other Inspections: In addition to the required inspections specified above, the City may make or require other inspections of any work to ascertain compliance with the provisions of the Soil Erosion and Sedimentation Control (SESC) and other laws and ordinances which are enforced by the City.
- Re-inspections: A re-inspection fee may be assessed when such portion of work for which a re-inspection is scheduled, but is not complete or when required corrections are not made.

CERTIFICATE OF COMPLETION

- Certificate of Completion: It is the applicants responsibility to contact the City to request a Certificate of Completion after all final inspections have been conducted and approved.
- Issuance: After the City inspects the work and finds no violations of the provisions of applicable codes or other laws and ordinances that are enforced by the code enforcement agency, the City shall issue a Certificate of Completion.

EXPIRATION OF PERMIT

- A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within sixty days (60) after issuance of the permit or if the authorized work is suspended or abandoned for a period of sixty days (60) after the time of commencing the work.
