

Helpful Hints for Off Campus Living

- If your off-campus residence is in the City of Kalamazoo, **DO** check www.kalamazoo.org/RentalHousing to see if it is properly registered and certified as a rental (or call 337-8026).

- **DO** find out your trash pick-up day and place your herby-curby for out the night before. **DO** replace the herby-curby to an appropriate location at the side or rear of the dwelling by the end of the day of pick-up.

- **DO** find out the schedule for once monthly bulk trash pick-up. Use this service for disposing of large quantities of rubbish, furniture or approved appliances. Call 337-8215 for more information.

- **DO** keep interior furniture inside, **not** on porches, decks or balconies, as this may result in a cost recovery fee charged to you as tenant if your landlord is cited.

- When you have a problem with your rental property, **DO** try and call the rental property owner or agent first, and put it in writing if needed. If you do not get a timely response feel free to fill out a service request and submit it to the City.

- **DO** keep the batteries in all smoke detectors fresh, this may save your life!

- **DO** keep the yard and common areas free of clutter, junk, garbage and debris.

- **DO** refrain from parking on the lawn or in other non-approved parking areas.

- Please **DO** be aware that many student rentals are in neighborhoods where families live, so be a *GOOD NEIGHBOR!*

- **DO** have fun while you stay in...

The City of Kalamazoo!
