CITY OF KALAMAZOO, MICHIGAN

ORDINANCE NO. 1994

AN ORDINANCE TO AMEND CHAPTER 20B “MEDICAL MARIHUANA FACILITIES”, OF THE CITY OF KALAMAZOO CODE OF ORDINANCES

THE CITY OF KALAMAZOO ORDAINS:

Section 1. Articles I through IV to Chapter 20B, “Medical Marihuana Facilities of the Kalamazoo City Code of Ordinances is amended, and Article V is repealed to read as follows:

“ARTICLE I General Provisions

§ 20B-1. Title

This ordinance is to be known and may be cited as the City of Kalamazoo Medical Marijuana Facilities Ordinance.

§ 20B-2. Purpose and Intent.

A. Purpose. The purpose of this Chapter is to implement the provisions of Public Act 281 of 2016, being the Michigan Medical Marihuana Facilities Licensing Act (MMFLA), so as to protect the public health, safety, and welfare of the residents and patients of the City by setting forth the manner in which medical marihuana facilities can be operated in the City. Further, the purpose of this Chapter is to:

(1) Authorize the establishment of medical marihuana facilities within the City and provide standards and procedures for the review, issuance, renewal, and revocation of City-issued permits for such facilities;
(2) Impose fees to defray and recover the cost to the City of the administrative and enforcement costs associated with medical marihuana facilities;
(3) Coordinate with laws and regulations that may be enacted by the State addressing medical marihuana; and

B. Legislative Intent. This Chapter authorizes the establishment of medical marihuana facilities within the City of Kalamazoo consistent with the provisions of the Michigan Medical Marihuana Facilities Act; and subject to the following:

(1) Use, distribution, cultivation, production, possession, and transportation of medical marihuana remains illegal under Federal law, and marihuana remains classified as a "controlled substance" by federal law. Nothing in this Chapter is intended to promote or condone the production, distribution, or possession of marihuana in violation of any applicable law. Nothing in this ordinance is intended to grant immunity from any criminal prosecution under State or Federal law. This ordinance does not protect patients, caregivers, or the owners of
properties on which a marihuana commercial operation is occurring from prosecution or having their property seized by federal law enforcement authorities.

(2) This Chapter is to be construed to protect the public over medical marihuana facility interests. The operation of a licensed medical marihuana facility is a revocable privilege and not a right in the City. Nothing in this Chapter is to be construed to grant a property right for an individual or business entity to engage, obtain, or have renewed, a City-issued permit to engage in the use, distribution, cultivation, production, possession, transportation or sale of medical marihuana as a commercial enterprise in the City.

(3) Any individual or business entity which purports to have engaged in the use, distribution, cultivation, production, possession, transportation or sale of medical marihuana as a commercial enterprise in the City either prior to or after the enactment of this ordinance without obtaining the required authorization required by this Chapter is deemed to be an illegally established use, and as such is not entitled to legal nonconforming status under this Chapter, the City Zoning Code, or State statutory or common law.

(4) Nothing in this ordinance is intended to grant immunity from criminal or civil prosecution, penalty or sanction for the cultivation, manufacture, possession, use, sale, distribution or transport of marihuana in any form, that is not in strict compliance with the Michigan Medical Marihuana Act, the Medical Marihuana Facilities Licensing Act, the Marihuana Tracking Act, and all applicable rules promulgated by the State of Michigan regarding medical marihuana. Strict compliance with any applicable State law or regulation is deemed a requirement for the issuance or renewal of any permit issued under this Chapter, and noncompliance with any applicable State law or regulation shall be grounds for revocation or nonrenewal of any permit issued under the terms of this Chapter.

C. Indemnification of City

(1) By accepting a permit issued pursuant to this Chapter, the holder waives and releases the City, its officers, elected officials, and employees from any liability for injuries, damages or liabilities of any kind that result from any arrest or prosecution of medical marihuana facility owners, operators, employees, clients or customers for a violation of state or federal laws, rules or regulations.

(2) By accepting a permit issued pursuant to this Chapter, the holder agrees to indemnify, defend and hold harmless the City, its officers, elected officials, employees, and insurers, against all liability, claims or demands arising on account of any claim of diminution of property value by a property owner whose property is located in proximity to a licensed operating facility, arising out of, claimed to have arisen out of, or in any manner connected with the operation of a medical marihuana facility or any claim based on an alleged injury to business or property by reason of a claimed violation of the federal Racketeer Influenced and Corrupt Organizations Act (RICO), 18 U.S.C. §1964(c).
D. Reservation of Legislative Prerogative

(1) The City Commission reserves the right to amend or repeal this ordinance in any manner, including, but not limited to the complete elimination of any type or number of medical marihuana facilities authorized to operate in the City.
(2) Nothing in this ordinance may be held or construed to grant or “grandfather” any medical marihuana facility a vested right, license, permit or privilege to continued operations within the City.
(3) Given the adoption of 2018 Initiated Law #1, which legalized the possession and use of marihuana by persons age 21 and older, Section 199 of the City Charter providing for the establishment of medical cannabis dispensaries, by its own terms, “shall be null and void”. Therefore, it is determined that there is no rational basis to treat or make allowances that treat a “medical cannabis dispensary” apart from a “provisioning center”.

§ 20B-3 Definitions

erroneous, false, or misleading information, or because of a lack of submission of the full
amount of the fees due, does not have a right to appeal the decision.
§ 20B-9 Issuance of Provisional Approval Certificate

A. Within 35 days following the adoption of this ordinance the City Clerk shall establish an initial application period of at least 21 days to accept permit applications for licensed medical marihuana facilities. Initial applications following the adoption of this ordinance for grower, processor, secure transporter, safety compliance and provisioning center facilities whose inspection, background checks, and all other information available to the City verify that the applicant has submitted a full and complete application, has made or has secured permits for making improvements to the business location consistent with the type of facility applied for, complies with applicable zoning and location requirements, and is prepared to operate the business as set forth in the application, will be reviewed by the office of the City Clerk for completeness and compliance with the requirements of this Chapter. The City Clerk shall issue a provisional medical marihuana facility approval certificate to each applicant whose application is complete and in compliance with the provisions of this Chapter and applicable State-issued regulations.

B. Complete applications for a marihuana facility operating permit determined to be in full compliance with the requirements of this Chapter shall be issued a provisional medical marihuana facility approval certificate in accordance with the procedures specified in this Section.

C. The City Clerk shall issue a provisional medical marihuana facility approval certificate if the inspection, background checks, and all other information available to the City verify that the applicant as a grower, processor, safety compliance facility, secure transporter has submitted a full and complete permit application, complies with applicable zoning and location requirements, and is prepared to operate the business as set forth in the application, all in compliance with the City Code of Ordinances and any other applicable law, rule, or regulation.

D. A provisional medical marihuana facility approval certificate only means that the applicant has submitted a valid application for a marihuana facility operating permit and is eligible to receive the appropriate marihuana facility license from the Department. The applicant shall not locate or operate a marihuana facility in the City without obtaining a State operating license approved by and issued by the Department. A provisional certificate issued by the City will expire and be void after 1 year, if State approval is not diligently pursued to completion by the applicant, or on the date that State approval is denied by a final order to the applicant, whichever first occurs; provided however, due to the deliberateness of the State in issuing operating licenses, provisional certificates issued by the City Clerk prior to January 1, 2019 will be extended for a period of 1 year if on the date the provisional certificate would otherwise expire, the holder of the provisional certificate has been issued a notice of prequalification status by the Department or a denial of prequalification status by the Department is under appeal, and either: (1) an application for approval of the site plan for the proposed facility has been filed with the Community Planning and Economic Development Department on or before July 30, 2019, or (2) the site of the proposed facility for which the provisional certificate was issued was subject to a City-imposed moratorium on development from December 3, 2018 to June 3, 2019.

E. Within 30 days from the issuance of a provisional medical marihuana facility approval certificate by the City Clerk, the applicant must submit proof to the City Clerk that the
applicant has submitted a partial application with the Department for prequalification for a State operating license or has submitted full application for such license. If the applicant fails to submit such proof, then the provisional approval will be cancelled by the City Clerk.

F. If a provisionally approved applicant is denied prequalification for a State operating license or is denied on full application for a state operating license, then the provisional approval will be cancelled by the City Clerk and the provisional facility approval certificate will be made available to the next available qualified applicant under the applicable provision of this Section.

G. Provisional certificates are not transferable to another person or entity.

20B-10 Issuance of City Marihuana Facility Operating Permit

A. An applicant holding an unexpired provisional certificate issued pursuant to this Chapter and for which a marihuana facility state operating license has been issued shall provide proof of same to the City Clerk.

B. An inspection of the proposed medical marihuana facility by the City shall be required prior to issuance of the City operating permit. Such inspection shall occur after the premises are ready for operation, but prior to the stocking of the business with any medical marihuana, and prior to the opening of the business or commencement of operations. The inspection is to verify that the business facilities are constructed and can be operated in accordance with the application submitted and the applicable requirements of this Chapter and any other applicable law, rule, or regulation.

C. After verification that the business facilities are constructed and can be operated in accordance with the application submitted and the applicable requirements of this Chapter and any other applicable law, rule, or regulation, and the issuance of a permanent certificate of occupancy for the facility, the City Clerk shall issue a City medical marihuana operating permit for a term of one (1) year. The City-issued permit shall be prominently displayed within the facility.

D. Maintaining a valid marihuana facility license issued by the State is a condition for the issuance and maintenance of the City marihuana facility operating permit issued under this Chapter and the continued operation of any medical marihuana facility.

E. Proof of Insurance.

(1). A permittee shall at all times maintain full force and effect for duration of the permit, worker's compensation insurance as required by state law, and general liability insurance with minimum limits of $1,000,000 per occurrence and a $2,000,000 aggregate limit issued from a company licensed to do business in Michigan having an AM Best rating of at least B++. A permittee shall provide proof of insurance to the City Clerk in the form of a certificate of insurance evidencing the existence of a valid and effective policy which discloses the limits of each policy, the name of the insurer, the effective date and expiration date of each policy, the policy number, and the names of the additional insureds. The policy shall name the City of Kalamazoo and its officials and employees as additional insureds to the limits required by this section. A permittee or its insurance broker shall notify the City of any cancellation or reduction in coverage.
within seven days of receipt of insurer's notification to that effect. The permittee shall obtain and submit proof of substitute insurance to the City Clerk within 5 business days in the event of expiration or cancellation of coverage.

(3) Any failure to maintain or lapse in the insurance coverage required by this Chapter will be grounds for revocation of the City-issued operating license.

F. A condition of the issuance of a medical marihuana operating permit includes, at a minimum, operation of the business in compliance with all the plans and the information provided to the City as part of the application. A permittee must update any change in the information provided to the City as part of the application within five (5) business days of such change during the term of the permit. The failure to timely update a change in information will be grounds for suspension or revocation of the operating permit.

20B-11 Permit Forfeiture

In the event that a medical marihuana facility does not commence and maintain operations within one year of issuance of a City operating permit, the permit shall be deemed forfeited; the business may not recommence operations and the permit is not eligible for renewal.

§ 20B-12 Permit Renewal

A. A valid marihuana facility operating permit may be renewed on an annual basis by a renewal application upon a form provided by the City and payment of the annual license fee set by City Commission resolution. An application to renew a marihuana facility operating permit shall be filed no sooner than 90 days and at least 60 days prior to the date of its expiration. The failure to timely file for renewal is sufficient grounds to deny renewal of a permit to operate a medical marihuana facility in the City and is not subject to appeal.

B. Prior to the issuance of a renewed marihuana facility permit by the City, the premises shall be inspected to assure that it and its systems are in compliance with the requirements of this Chapter.

C. In determining whether to grant a renewal of a permit, the members of the City’s Economic Development Corporation board will evaluate the permit holder’s compliance with the statements it provided with its initial application and submission with its request for renewal of the following information:

(1) The facility’s staffing plan which describes the actual number of employees, including the number and type of jobs that the facility has created, and the amount and type of compensation (including benefits) paid for such jobs;

(4) A statement that the hiring and public accommodation practices of the facility conforms to the City’s anti- discrimination ordinance provisions;

D. If a licensee demonstrates compliance with the requirements for renewal of an operating permit, the City Clerk shall renew the existing permit for a period of one (1) year, on the condition that the State operating license for the facility is renewed.

§20B-13 Transfer of Permit

A. A medical marihuana business permit is valid only for the owner named thereon, the type of business disclosed on the application for the permit, and the location for which the permit is issued.
B. Each operating permit is exclusive to the permittee and a permittee or any other person must apply for a permit with the City Clerk before a permit is transferred, sold, or purchased. The attempted transfer, sale, or other conveyance of an interest in a permit without prior application for a City operating permit with the City Clerk is grounds for suspension or revocation of the existing permit.

§ 20B-14 Permit as Revocable Privilege

An operating permit granted by this Chapter is a revocable privilege granted by the City and is not a property right. Granting a permit does not create or vest any right, title, franchise, or other property interest.

§ 20B-15 Nonrenewal, Suspension or Revocation of Permit.

A. The City may, after notice and hearing, suspend, revoke or refuse to renew a permit for any of the following reasons:

(1) the permit holder, or his or her agent, manager or employee, has violated, does not meet, or has failed to comply with, any of the terms, requirements, conditions or provisions of this Chapter or with any applicable state or local law or regulation;
(2) the permit holder, or its agent, manager or employee, has failed to comply with any special terms or conditions of its license pursuant to an order of the state or local licensing authority, including those terms and conditions that were established at the time of issuance of the license and those imposed as a result of any disciplinary proceedings held subsequent to the date of issuance of the license;
(3) the Economic Development Corporation board determined that the permit holder did not meet or failed to comply with one or more of the requirements set forth at Section 20B-12C.

(4) the marihuana commercial entity has been operated in a manner that adversely affects the local public health, safety or welfare; or

(5) the permit holder failed to timely submit all necessary documents and or fees to renew the City-issued permit or State operating license.

B. Evidence to support a finding under this Section may include, without limitation, a continuing pattern of conduct, a continuing pattern of drug-related criminal conduct within the premises of the marihuana facility or in the immediate area surrounding such business, a continuing pattern of criminal conduct directly related to or arising from the operation of the marihuana facility, or an ongoing nuisance condition emanating from or caused by the marihuana facility. Criminal conduct is limited to the violation of a state law or regulation or city ordinance.

C. Except as otherwise provided in this Chapter, the Planning Commission shall hear and decide questions that arise in the administration of this Chapter, including appeals of suspension and revocations of City operating permits. The concurring vote of a majority of the members of the Planning Commission is necessary to reverse an order, requirement, decision, or determination of an administrative official in the application of this Chapter. The decision of the Planning Commission is final. This section is not to be construed to grant the Planning Commission authority to hear any matter that is within the powers and duties of the Zoning Board of Appeals.
