SECTION IV
SCOPE OF WORK & SPECIAL CONDITIONS

1. INTRODUCTION/OBJECTIVE

The City of Kalamazoo, Michigan (City) is seeking a 36 CFR Part 61 qualified consultant meeting the professional qualifications for Historian and/or Architectural Historian (Consultant) to carry out a complete analysis of the data collected by volunteers in the Inventory Kalamazoo reconnaissance level Historic Resource Survey (“reconnaissance level survey”) of up to 5,000 properties within the Survey Area (Northside neighborhood, Central Business District, West Main Hill neighborhood, Eastside neighborhood, Vine neighborhood, Stuart neighborhood, Douglas neighborhood, Southside neighborhood, Westnedge Hill neighborhood and Oakwood neighborhood, Kalamazoo, Michigan), as shown in the scope map (**Appendix B**); as well as completing Historic Resource Survey Reports (“Survey Reports”) of up to 5,000 properties within the Survey Area, as shown in **Appendix B**.

The properties included in the survey will be determined based on the capacity of the Consultant and through consultation with the City and the State Historic Preservation Office (SHPO). The Consultant’s final report is intended to serve as a basis for future Intensive Level Survey, National Register of Historic Places (NRHP) nominations, Section 106, Historic Preservation Tax Credits, and preservation planning.

The activity that is the subject of this project has been financed through American Rescue Plan Act (ARPA) funds. However, the contents and opinions herein do not necessarily reflect the views or policies of the Department of the Interior or the SHPO, nor does the mention of trade names or commercial products herein constitute endorsement or recommendation by the Department of the Interior or the SHPO.

2. CONTRACT PERIOD AND EXTENSIONS

The contract shall be in effect for a six (6)-month period commencing on Consultant’s receipt of Notice to Proceed from the City. The City may opt to extend the contract upon mutual agreement of both parties made in writing.

3. SCOPE OF WORK

The selected consultant will be expected to provide services identified below. The items listed represent the minimum services expected to be performed. In your response to the Request for Proposals (RFP), identify other related services that you will provide, if applicable.

- 3.1. Complete analysis of the data collected by volunteers in the Inventory Kalamazoo reconnaissance level Historic Resource Survey (“reconnaissance level survey”) of up to 5,000 properties within the Survey Area (Northside neighborhood, Central Business District, West Main Hill Neighborhood, Eastside neighborhood, Vine neighborhood, Douglas neighborhood, Stuart neighborhood, Southside neighborhood, Westnedge Hill neighborhood and Oakwood neighborhood, Kalamazoo, Michigan), as shown in the scope map (**Appendix B**). The properties included in the reconnaissance level survey will be determined based on the consultant’s capacity and in consultation with the City and the SHPO. In your response to the RFP, provide a detailed discussion of your firm’s capacity and identify the number of properties you propose to analyze for your proposed fee.

Reconnaissance level survey analysis seeks to document significant properties and districts through research and evaluation of the National Register of Historic Places criteria within

the broader historic context. Reconnaissance level survey analysis is a way to establish a baseline for a community to begin to plan for future preservation activities. The analysis then continues with researching the community history, evaluating the properties for National Register significance, and identifying potential historic districts. Finally, reconnaissance level survey analysis should provide recommendations for resources warranting intensive level survey and future preservation activities.

- 3.2. Complete Historic Resource Survey Reports (“Survey Reports”) of up to 5,000 properties within the Survey Area (Northside neighborhood, Central Business District, West Main Hill neighborhood, Eastside neighborhood, Vine neighborhood, Stuart neighborhood, Southside neighborhood, Westnedge Hill neighborhood and Oakwood neighborhood, Kalamazoo, Michigan), as shown in **Appendix B**. Separate survey reports will be written for each neighborhood with surveyed properties and account for all properties surveyed within each neighborhood. For all surveyed properties 40 years of age or older, the consultant will complete sufficient documentation and complete a SHPO Architectural Inventory form and accompanying data sets.

For all surveyed properties less than 40 years of age, the consultant will identify the property in a spreadsheet describing basic characteristics, as determined by the City and the SHPO. The accompanying Survey Reports should fully discuss properties 40 years of age or older and accompanying developmental context(s) to inform future decisions about potential eligibility for listing in the National Register and the potential need or benefit of intensive level survey of certain properties or districts. Properties less than 40 years of age will not be discussed in detail but will have characteristics summarized as part of narratives discussing the development context(s) and current conditions/integrity of the neighborhood as reflected in the current building stock and build-out patterns.

4. **PROPOSAL REQUIREMENTS**

Applicant should include the following in proposal:

Cover Letter

Within the one-page cover letter, include your firm’s full company name, address, phone number and the email address for your firm’s contact person for the RFP.

Project Experience

Identify three (3) projects working in communities where you were the primary consultant. Demonstrate the experience of your firm and/or proposed team, including all subconsultants, on projects same/similar to that described in this solicitation for same/similar services. The projects submitted should also demonstrate that the consultant and/or the team have performed a same/similar type of services to be considered relevant. Also include any accreditations and affiliations.

Experience of Key Personnel

For each key person identified, list their length of time with the firm and at least two comparable projects in which they have played a primary role. Identify those staff that meet the 36 CFR Part 61 professional qualifications for Historian and/or Architectural Historian. Explain the diversity of staff that will perform the survey. There are no limitations on the number of key positions the firm may provide. However, at a minimum, the firm must provide the primary consultant and at least one (1) person from each sub-consultant identified. Each resume is limited to one (1) page.

Include an organizational chart (maximum 2 pages) which depicts the project team organization and lines of authority at the end of this tab; chart may be submitted in 8.5”X11”. Clearly indicate superior/subordinate reporting relationships. Provide names of each position and identify the firm or sub-consultant.

Project Understanding and Approach

Describe the firm’s approach to performing the required Services in the Scope of Work described above. Describe the opportunities and constraints involved with the performance of the associated tasks which may include: plan framework, citizen participation, community outreach, facilitation, plan editing and drafting, data collection and analysis to support each element, graphics and diagrams, maps, public surveying, public meetings and any related items that are necessary in moving the survey and required reporting documents forward. Provide a detailed discussion of your firm’s capacity and identify the number of properties you propose to analyze for your proposed fee.

Project Work Plan/Schedule

Provide a Project Work Plan/schedule showing key project milestones and deliverables. The schedule shall demonstrate firm’s ability to meet the designated milestones.

5. EVALUATION CRITERIA

Proposals will be evaluated by City staff based upon the responsiveness of the Proposal to this RFP. All proposals will be evaluated using the criteria listed below:

- 5.1 Firm Project Experience (80 Points)
- 5.2 Qualifications/Experience of Key Personnel (80 Points)
- 5.3 Project Understanding and Approach (40 Points)
- 5.4 Capacity of Firm (40 Points)

9. SELECTION CRITERIA

The City of Kalamazoo shall conduct a formal evaluation to determine the best qualified respondent meeting the City’s needs. This evaluation shall be based on the Evaluation Criteria.

No rating or evaluation under the terms of this RFP shall be construed as a guarantee or promise of a contract and no such contract shall be binding on the City absent approval through the City’s approval process.

The requested information is intended to provide information that will assist the City in the selection of the most qualified, competent, experienced, responsive, and economical Consultant, who will best serve the needs of the City. During the evaluation process, where it may serve its best interest, the City reserves the right to request additional information or clarifications from proposers, to reject any or all proposals or unauthorized modifications, to allow corrections of errors or omissions, or to waive irregularities. A selection committee will evaluate the proposals based upon the proposal requirements/selection criteria. After a review of the written proposals, selected firms may also be asked to make a presentation or field follow-up questions. The City will choose the proposal(s) that best fits its needs. The City is not obligated to award the contract based on cost alone. The selected firm will be required to enter into a written agreement with the City that will detail the specifics of the relationship and include scope of work, compensation, insurance requirements and other matters. If an agreement cannot be reached, the City reserves the right to render the proposal invalid and may award the contract to another qualified proposer in its sole discretion.

This RFP does not commit the City of Kalamazoo to pay for direct or indirect costs incurred in the preparation and/or presentation of a response. All finalists will pay their own costs incurred in preparing for, traveling to and attending interviews. The City of Kalamazoo reserves the right to accept or reject any or all proposals in part or in its (their) entirety.

The City reserves the right to make an award without further discussion of the submittal with the offeror. Therefore, the proposal should be submitted initially on the most favorable terms that the firm or individual might propose.

After review of proposals, the City may request further information or clarifications. Requested information shall be provided by the respondent either in writing or by oral presentation, at no cost to the City.

11. CHANGES AND ADDENDA TO PROPOSAL DOCUMENTS

All such changes or addenda shall become part of the contract and all proposers shall be bound by such changes or addenda. **In order for a proposal to be responsive, all addenda should be returned (signed by the proposer) with the proposal.** If

you have already submitted your proposal, acknowledge receipt and acceptance of addenda by signing in the place provided and returning them to the Purchasing Division and they shall be incorporated in your proposal. Please identify your return envelope with the proposal reference number and project description.

12. ECONOMY OF PREPARATION

Each proposal should be prepared simply and economically providing a straightforward concise description of the proposer’s ability to meet the requirements of the RFP.
